

REMARKS

Claims 1-12 are pending in this application, with claims 1, 2 and 12 being independent. Claims 1, 2 and 12 have been amended. Support for the amendments may be found in the specification at least at Figs. 2A-2C and pages 11-17. No new matter has been introduced.

Applicants wish to thank Examiner Louie for participating in a telephonic interview with applicant's representative on April 20, 2006. During that interview, Examiner Louie agreed to allow the pending claims if the claims were amended to specify that the recited full color display is on a first surface of the light emitting device and the recited monochrome display is on a second surface of the light emitting device. While applicants reserve the right to pursue the original claims in a continuing application, applicants have amended the independent claims pursuant to the Examiner's suggestion to expedite prosecution, and, therefore, respectfully request allowance of the pending claims.

Applicants submit that all claims are in condition for allowance.

No fees are believed due. Please apply any other charges or credits to deposit account 06-1050.

Respectfully submitted,
